Update of Hazard Mitigation Plan - Resident Survey

The County and Towns Need Your Input!!

Granite County and the Towns of Philipsburg and Drummond are updating their Hazard Mitigation Plan. The purpose of the Plan is to better understand the natural and man-made hazards that pose a threat to residents and to identify steps to reduce the risks associated with these hazards. Your input is essential for the success of this project. Please take a moment to complete the survey. You can drop completed hardcopy surveys off at either the Granite County Courthouse, Philipsburg Town Hall or Drummond Town Hall.

If you have questions about this project please contact either Rick Day, the County DES Coordinator at 406-370-5060 or rday@co.granite.mt.us. You can also contact Jerry Grebenc with Great West Engineering at 406-495-6153 or jgrebenc@greatwesteng.com.

*** 1. Where do you live:**

- Philipsburg
- Drummond
- Unincorporated County
- Elsewhere

*** 2. How concerned are you about the following natural/man-made hazards?**

	Very Concerned	Concerned	Neutral	Limited Concern	No Concern at All
Dam Failure	<input type="radio"/>				
Disease	<input type="radio"/>				
Drought	<input type="radio"/>				
Earthquake	<input type="radio"/>				
Hazardous Chemical Spill	<input type="radio"/>				
Medical Emergency	<input type="radio"/>				
Severe Weather	<input type="radio"/>				
Terrorism/Civil Unrest	<input type="radio"/>				
Violent Attack	<input type="radio"/>				
Wildfire	<input type="radio"/>				

Please share other comments about other potential disasters:

*** 3. In the event of a disaster, which facilities or services do you think would be most important to you?**

	Very Important	Important	Neutral	Not Very Important	No Foreseeable Need
Ambulance	<input type="radio"/>				
Businesses/Employers	<input type="radio"/>				
County or Town Departments	<input type="radio"/>				
Fire Stations/Rural Fire Districts	<input type="radio"/>				
Hospital	<input type="radio"/>				
Law Enforcement	<input type="radio"/>				
Roads/Street/Bridges	<input type="radio"/>				
Schools	<input type="radio"/>				
Senior Services	<input type="radio"/>				
State or Federal Agencies	<input type="radio"/>				
Utilities: e.g. water-sewer-electricity-phone	<input type="radio"/>				

Please share other comments about facilities and services:

*** 4. What are your priorities for preparing for potential disasters and hazards?**

	Very Important	Important	Neutral	Not Very Important	No Foreseeable Need
Protecting Private Property	<input type="radio"/>				
Protecting Public Health and Safety	<input type="radio"/>				
Protecting Critical Facilities and Services	<input type="radio"/>				
Allowing Rivers and Streams to Function Naturally	<input type="radio"/>				
Protecting Utilities (e.g. electricity, water, sewer, phone)	<input type="radio"/>				
Strengthening Emergency Services (e.g. ambulance, fire, sheriff)	<input type="radio"/>				
Promoting Cooperation Between the County, Town, State and Federal Agencies, Residents and Businesses	<input type="radio"/>				

Please provide other comments about your priorities:

*** 5. Risks from hazards could be reduced in many ways. Please tell how you feel about the following options:**

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree	Unsure
Improve the preparedness of County and Town departments, other service providers and residents.	<input type="radio"/>					
Support the use of local tax dollars to reduce the impact of potential disasters (e.g. improve flood storage, reduce wildland fuels/thinning of trees).	<input type="radio"/>					
Make my home or business more resistant to disasters (e.g. flood or fire proofing).	<input type="radio"/>					
Non-regulatory approaches (e.g. replace bridges, purchase property in floodplains) to reduce the risk from hazards.	<input type="radio"/>					
Regulatory approaches (e.g. zoning regulations/building codes) to reduce the risk from hazards.	<input type="radio"/>					
Mix of non-regulatory and regulatory approaches to reduce the risk from hazards.	<input type="radio"/>					

Please provide other comments about risk reduction:

6. Please provide other comments or information on the update of the Hazard Mitigation Plan:

7. Please provide your email address if you would like to be kept informed about the update of the plan:
