

Granite County and the Towns of Philipsburg and Drummond are updating their Hazard Mitigation Plan. The purpose of the Plan is to better understand the natural and man-made hazards that pose a threat to residents and to identify steps to reduce the risks associated with these hazards. Resident input is essential for the success of the project. Please take a moment to complete the following survey.

Resident Survey, here is a link to complete the online version: <https://www.surveymonkey.com/r/PLW37FM>

Attached in PDF is an electronic version that can be printed off if you would like to use a hardcopy. You can drop off completed hardcopy surveys off at either the Clerk and Recorder's Office Granite County Courthouse, Philipsburg Town Hall or Drummond Town Hall.

If you have questions about this project please contact either Rick Day, the County DES Coordinator at 406-370-5060 or [rday@co.granite.mt.us](mailto:rday@co.granite.mt.us). You can also contact Jerry Grebenc with Great West Engineering at 406-495-6153 or [jgrebenc@greatwesteng.com](mailto:jgrebenc@greatwesteng.com). Please contact Jerry if you have trouble with the survey link.
